WADDY CASE IS RIDICULOUS

Says Allegations of Riddleberger Not Worthy of Serious Consideration.

NORFOLK, VA., February 13 .- Mr. Alvah H. Martin, whose name is involved in the charges that have been filed against S. B. Carney, with a view to defeating his confirmation as postmaster, returned from Washington this morning, and made the following statement hearing on the charges and in the defense of Mr. Carney:

"The fact seems to be ignored," said Mr. Martin, "that I am the referce in this district for the party, and as such was expected to make a recommendation in this matter. I did not seek the place

was expected to make a recommendation in this matter. I did not seek the place of referee, but propose to make my recommendations for party appointments as long as I hold it.

"It seems that I am taken as the main target by those who oppose Mr. Carney's appointment, and while I am his friend, and did, and do still endorse him, I am glad to say that he has other endorsements that commend him strongly to the appointing power at Washington.

"Mr. Carney is endorsed by the City Republican Committee, the Republican Committee, the Republican Committee, the Republican Committee, the Committee of the city of Portsmouth, by the chairman and secretary of the Republican Committee, by Congressman Slemp, and such well-known Republican party men as Floyd Hughes, recent candidate for Congress; D. Lawrence Groner, delegate at large to the last national convention,

The Charges.

Referring specifically to the alleged charges Mr. Martin said:

The Waddy Case.

The Waddy Case.

"The charge of political coercion in the appointment of Mr. Carney by Colonel Waddy is too ridiculous really to receive serious comment, and unfortunately took place before Mr. Riddieberger arrived on the scene, and he is not yet apparently conversant with the facts.

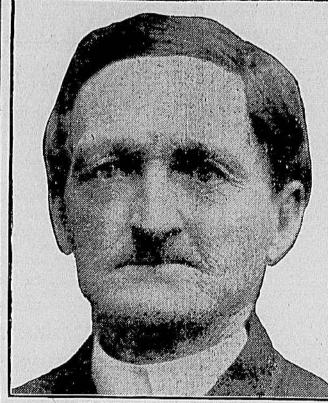

"Norfolk county gave Dr. Wise twice as many votes as any other county or city, and he freely acknowledged his gratitude for the support there given him. By his invitation I went to the department in Washington with him, and there he recommended Mr. Carney as his first choice for postmaster of Norfolk. The department ruled that Mr. Carney was ineligible because at that time he did not reside in Norfolk. Thereupon Dr. Wise, upon my advice and consent, determined to nominate Colonel Waddy, and upon his recommendation to Colonel Waddy, Mr. Carney was appointed assistant postmaster. By the present system a nurse is sent to each home when a child is excluded from school by the medical inspector, and she instructs the parents in the importance of securing proper attention for the child, including the sending for a physician in cases demanding it.

This is but a single phase of the work of the nurses in connection with medical inspection of schools. In many other directions her services have come to be recognized as invaluable. It is probable that Dr. Darlington, in addition to speaking directly on the subject which he has announced, will dwell more or less on the importance of the district nurse in iconnection with prevention of the spread of tuberculosis, since in this direction also New York employs a number of nurses in its health department and considers their services as invaluable.

Wienfeld testified that he, Brenner and Mr. Wellman were holding a conversation in the synagogue about the suicide of M. Fivel, which occurred in the city fail several weeks ago, when Sears came in and said to them in Hebrew:

"You are the cause of M. Fivel's death, and I can prove it."

Several witnesses were in court to testify that these were the words that Sears spoke to the plaintiffs.

Sears denied this, and testified that he said:

"You gentlemen did not treat Fivel right, and were not his friends while he was chairman of the congregation."

Sears further testified that he and all members of the congregation thought that Fivel killed himself because he had no friends.

Fivel, a junk dealer, committed suicide in jail following his conviction on the charge of buying stolen property and his sentence to a year in the penitentiary therefor.

PURITY

SYSTEM

COMPLETE HEALTH.

Doesn't it stand to reason, that for perfect health, the human system must be kept pure and clean, inside as well as outside?

Then take Cascarets, the world-famous Bowel Medicine and system-cleaners, that will help you KEEP CLEAN

INSIDE. The body of man is the most perfect and delicate mechanism in existence, and the least OBSTRUCTION or accumulation of filth in any part of it, will make it hobble, move IRREGULARLY and SPASMODICALLY,

Isn't that plain common sense to any person that has had any experience with machinery of human invention, from the sewing machine to the triple-expansion engine? All the parts, joints, connections, gearings, must be kept absolutely pure and clean to get the best results. A careless, untidy engineer is a failure and will lose his job.

and if not attended to promptly may stop the machine altogether.

Nature has been kind to us by handing over to us to be occupied during our earthly existence, an almost automatic, elastic mechanism, that will run itself if only properly cared for.

All that She asks, is that the body be supplied with "Pure Food" fuel of the right kind, applied in the right way,—that a lubricant be furnished for the joints, muscles, nerves through the marvelous distributing and collecting system of arteries and veins,—and that all parts of the engine be used for the purposes intended without undue strain.

But, when little mistakes are made in eating and drinking, with perhaps excessive exertion, there is a liability of a stoppage in the natural cleansing process, and you are liable to become UNCLEAN INSIDE. That means obstruction, stoppage of the normal functions, fermenta-tion, poisoning of the blood by your own decaying sewage, and a liability of the development of any of hundreds of serious diseases.

Cascarets Candy Cathartic are fragrant, sweet, mild but effective little tablets that were first compounded from pure, harmless, vegetable substances, under a Pure Drug of their own, in 1896. These tablets proved to be the greatest lubricators for the Bowels ever discovered, and at the same

Construction.

PHILADELPHIA, PA., February 15.

—An almost irreparable loss was sustained by the William Cramp and Sons Ship and Engine-Building Company in a fire at their yards to-dey, which destroyed the pattern shops and two storage rooms. At least 75 per ceat. of the company's patterns were destroyed, according to H. W. Hand, superintendent of the concern, among them being those of the United States battleships Pennsylvania, Colorado, Tennessee, Maine, Alabama, Iowa, Massachusetts and Indiana. Patterns for a number of vessels in course of construction were also lost, and work on them will be delayed.

The five also destroyed the headquarters of the Ship-Caulkers' Association and the home of Julius Gauach, and damaged many small dwellings. Several firemen were hurt by failing walls while fighting the flames, The monetary loss is estimated between \$100,000 and \$150,000. The origin of the fire is not known.

SUFFICIK. VA., February 13.—Suffolk is resolving itself into a faction, which in view of a warm spring municipal contest will be significant in determining results. This is all because of the Council's edict of prolibition regarding the scheduled production of "The Clansman."

Henry McMahon, a personal representative of Thomas Dixon, Jr., is in town, and together with the local management of the Academy, has secured a long list of persons who favor the coming of the attraction. Dr. II. W. Campbell, president of the Council, who voted for the prehibition, said to-night that a meeting of that body would be called for 5 o'clock to-morrow to reopen the case. One of the Councilmen who favors "The Clansman," probably will come out for Mayor, and the chances favor his election, provided he makes a stand along that line.
